ACKNOWLEDGEMENT

Pursuing a M. Sc. is both painful and enjoyable experience. It’s just like climbing a high peak, step by step, accompanied with bitterness, hardships, frustration, encouragement, trust and with so many people’s kind help. When I found myself at the top enjoying the beautiful scenery, I realized that it was, in fact, teamwork that got me there. Though it will not be enough to express my gratitude in words to all those people who helped me, I would still like to give my many thanks to all these people.

My words leave no bound to express gratitude towards my beloved parents for being there whenever needed. Their blessings and love are the source of my spirit every moment.

Indeed the words at my command are not adequate to convey the depth of my feeling and gratitude to my Honorable Major Guide, Dr. S. B. Chaudhari, Assistant Research Scientist, Department of Genetics and Plant Breeding, College of Agriculture, JAU, Junagadh for his most valuable and inspiring guidance with his friendly nature, love and affection, for his attention and magnanimous attitude right from the first day, constant encouragement, enormous help and constructive criticism throughout the course of this investigation and preparation of this manuscript.

This memorable occasion provides to me an unique privilege to offer sincere thanks to the members of my advisory committee, Dr. Rajiv Kumar Minor Guide and Assistant Professor, Department of Genetics and Plant Breeding, Dr. V. J. Bhatiya, Professor and Head, Department of Seed Science and Technology, Dr. N. J. Rankaja, Committee Member and Assistant Professor, Department of Agricultural Statistics, College of Agriculture, JAU, Junagadh for their valuable guidance and ever willing help of various kind during the experimentation.

I acknowledge with thanks for the facilities provided by Dr. A. R. Pathak, Honorable, Vice Chancellor, Dr. V. P. Chovatia, Director of Research and Dean, P. G. Studies, Dr. B. K. Sagarka, Principal and Dean, and Dr. V. J. Bhatiya, Professor and Head, Department of Seed Science and Technology, College of Agriculture, Junagadh for their ever willing co-operation and encouragement.

I am sincerely thankful to Prof. Jyoti Sondarva, Dr. C. A. Babariya and Ms. D. V. Vora of Department of Seed Science and Technology, Dr. M. H. Sapovadiya and Dr. G. U. Kulkarni of Department of genetics and plant breeding and Dr. D. V. Patel Assistant Professor, Department of Agricultural Statistics JAU, Junagadh, for providing guidance and necessary help during period of my study.
I extend my heartfelt thanks to staff members of Central Library specially Ms. P. Dave and Chandresh Shah, ‘C’ branch of Principal Office and examination branch of Registrar office for their cooperation during my study.

I am really grateful to my friends Nitin, Puja, Femi, Nosheen, Diksha, Pravina, Jaydeep, Divyesh, Dipak, Shubha, Ekta and Zeal. All shared my labour. All the friends are so intimate that it seems awkward to say them “Thank You”. Rather I shall always be willing to help them whenever opportunity arises.

I am really grateful to my seniors Divya, Nidhi, Sagar and Sachin for their timely help and kind co-operation during the course of my study.

Diction is not enough to express my gratitude to Father Late Mr. Gurudas Dufare, lovely Mother Vandana Dufare, Mannohit (Brother), Sisters Sujata, Suchita, Rohinee, Prerana, cousins Mayur and Khushboo whose selfless love, kind blessings, sincere prayer, constant encouragement and inspiration made me to achieve this goal.

A millions thanks to “Lord Buddha” and my beloved parents the almighty who made me do this task and made every job a success for me.

Place: Junagadh
Date: 31/07/2017

(Shalinee Dufare)
