ACKNOWLEDGMENTS

This thesis is the end of my journey in obtaining my M. Sc. Research work. It would not have been possible to write this thesis without the help and support of the kind people around me. At the end of my thesis, it is a pleasant task to express my thanks to all those who contributed in many ways to the success of this study and made it an unforgettable experience for me.

Foremost, I have both, pleasure and privilege in expressing my deep sense of gratitude and sincere regards to the most influential person in my postgraduate career, my major guide, Dr. D. R. Mehta, Associate Professor, Department of Genetics & Plant Breeding, JAU, Junagadh and chairman of my Advisory Committee for expertly evaluating, judiciously correcting and continually offering his inspiring guidance, constant encouragement and help during the course of investigation and preparation of manuscript. Words are inadequate to express my gratitude. I could not have imagined having a better advisor and mentor for my M. Sc. study.

I also express my undoubtful and sincere thanks to the members of my advisory committee, Dr. U. K. Kandoliya, Assistant Professor, Department of Biochemistry, College of Agriculture, JAU, Junagadh and Dr K. H. Dabhi, Research Scientist, Wheat Research Station, JAU, Junagadh and Dr. S. M. Upadhyay, Professor and Head, Department of Agril. Statistics, JAU, Junagadh for their useful and valuable suggestions rendered at various stages of the investigation.

I acknowledge with my thanks to Dr. A. R. Pathak, the Hon’ble Vice-Chancellor and Dr. V.P. Chovatiya, the Director of Research and Dean, P.G. Studies, JAU, Junagadh for giving me an opportunity to improve my career by granting admission for M.Sc. study. I am also grateful to Dr. B. K. Sagarka, the Principal, College of Agriculture, JAU, Junagadh.

My sincere thanks to Dr. B. A. Golakiya, Professor and Head, Department of Biochemistry and Biotechnology, JAU, Junagadh for his valuable suggestions and seeing critically manuscript. I express my heartfelt thanks to Dr. Chetanaben Mandavia, Professor and Head, Department of Genetics & Plant Breeding for facilitating the research requirement.
I would like to thank to all the staff of Department of Biotechnology and Biochemistry, JAU, Junagadh, especially **Dr. D. N. Vakharia, Dr. H. P. Gajera, Dr. R. S. Tomar, Dr. M. K. Mandavia, Mr. M. V. Parakhia, Dr. S. V. Patel and Dr. G. V. Marviya** for providing guidance and help to me during the study period. I expand my thanks to all the faculties of Department of Genetics and Plant Breeding, however, special thanks to **Dr. Rajiv Kumar**, Assistant Professor, **Miss Lata Raval**, Assistant Professor for their valuable suggestions throughout the period of investigation.

My loving thanks to my class mates Avni, Ankita, Ashok, Rakesh, Avinash and Sunil for their valuable assistance and moral support during work. My special thanks to my batch mates Nirav, Deep, Halak, Jasmin, Kajal, Siddhi, Akanxa, Jaya, Chetana for going through during all the good and bad times with me.

I am grateful to my seniors Ravi, Achyut, Pritesh, Roshni, Hiren, Tejas, Zinkal, Nimita, Hiral, Nilam, Abhijita, Vishal, Nidhi for their encouragement and helpful suggestions during work. I am equally thankful to my juniors Rushita, Harshika, Shefali, Krutika, Amar, Rahul, Abhay, Ravi for giving joyful company throughout my master degree.

At last but foremost, I express deepest sense of gratitude to my father **Mr. Rajendrakumar**, mother **Mrs. Vasumati** and my loving brother **Het** whose selfless love, filial affection, constant encouragement, obstinate sacrifices, sincere prayers, expectations and blessings have always been vital source of inspiration in my life.

Lastly but not least, my million thanks to **God**, the Almighty who made me to do this task and made every job a success for me.
