Acknowledgement

The author, with immense pleasure, takes the privilege to express his deepest sense of gratitude, indebtedness and heart melted sincerity to Dr. M. K. Modi, Professor & Head, Department of Agricultural Biotechnology, Assam Agricultural University, Jorhat, Major Advisor, for his valuable guidance, keen interest, inspiring motivation, unparalleled perseverance and thought provoking suggestions in planning, executing the research works and in producing this manuscript. The author is also very grateful to him for rendering necessary facilities for executing the research works.

The author wishes to extend his thanks and gratitude to Dr. Priyabrata Sen, Associate Professor, Department of Agricultural Biotechnology, Assam Agricultural University, member of his Advisory Committee for his valuable guidance, offering various suggestions whenever sought during the tenure of investigation. Grateful appreciation is extended by author to the members of his advisory committee Dr. S. Singh, Associate Professor, Department of Agricultural Biotechnology; Dr. P. K. Pathak, Professor, Department of Plant Breeding and Genetics and Dr. K. Das, Associate Professor, Department of Crop Physiology, Assam Agricultural University, Jorhat, for their valuable suggestions and co-operation during the entire course of investigation.

Grateful appreciation is extended by the author to his respected teachers, Dr. B. K. Sarmah, and Dr. (Mrs.) M. Barooah of the Department of Agricultural Biotechnology, Assam Agricultural University, for their generous advice and selfless helps obtained during the course of this endeavour.

The author, express his gratitude to Dr. Akshay Talukdar, Principal Scientist, Division of Genetics, Indian Agricultural Research Institute, New Delhi, for his generous advice and thought aggravating suggestions.

The author is highly grateful to Dr. Chandan Hazarika, Director, Post Graduate Studies, Assam Agricultural University, Jorhat for rendering necessary facilities and offering various suggestions whenever sought during the tenure of investigation.

The author is grateful to Farm manager of ICR farm, AAU, Jorhat and Chief Scientist of RARS, Gosaigaon for providing quality seeds for his research work. The author is also grateful to Tocklai Tea Research Institute, TRA, Jorhat for providing help during his research work.

The author acknowledges DBT, New Delhi for providing funds for carrying out his research work. The author also acknowledges DBT, New Delhi and DIT, New Delhi for providing him Senior Research Fellowship and Junior Research Fellowship respectively. Although the author could not avail the fellowship, he is very much grateful to CSIR, New Delhi for awarding him with prestigious Senior Research Fellowship. The author also wants to acknowledge DIC, AAU, Jorhat for providing facility for bioinformatics analysis.

The author wishes to express his thankfulness to all the Assistant Professor & RAs for their help and cooperation. Author also wants to acknowledge the help and support extended by his friends Debashis, Lochna, Jagajjyt, Budheswar and Rahul. The co-operation extended by all the staff members of the Department of Agricultural Biotechnology, AAU is gratefully acknowledged.

The author offers his heartfelt reverence to his beloved “Ma”, “Deuta”, Bhaiti, Baideu, Bhindeu, Mama, Bhagin, Mali, Dharitri, Sarukan Da and Dhyan for their blessings who have always dreamt of his progress and extended all round support during the course of study and without which this endeavour would not have been possible.

Heartiest thanks are offered by the author to his all the friends, Sunny, Saurav, Munmi, Ratna, Archana, Dharmandra Da, Bhabez Da, Sarajit Da and all the hostel boarders for their constant co-operation and valuable help. The author also offered his heartiest thanks to all of his juniors. The co-operation extended by all the staff of the Directorate of Post Graduate Studies, AAU is gratefully acknowledged.

The author is glad to offer his thankfulness to Munin da and Tarun da of “M/S Digital Photo & Printing Centre”, AAU Biponi Complex, Jorhat, for preparing the printout of the manuscript.

At last but not the least the author express his sincere thanks to Almighty God, the invisible hand that holds and leads him in every step of life.
