

LIST OF TABLES

Table no.	Title	Page no.
1.1	Groundnut performance in major producing countries during 2014-2015	4
1.2	Groundnut performance in major producing Indian states during 2014-2015	5
3.1	Components of change in the variance of production	40
4.1	Percentage analysis of growth dimensions of Groundnut crop in Gujarat state during the study period	48
4.2	Descriptive statistics of growth dimensions of Groundnut crop in Gujarat state during the study period	49
4.3	Trends in growth dimensions of Groundnut crop in Gujarat state during the study period	51
4.4	Fourier coefficients, amplitude square, mean square amplitude and the ratio K for Groundnut area (8 cycles)	54
4.5	Fourier coefficients, amplitude square, mean square amplitude and the ratio K for Groundnut production (8 cycles)	55
4.6	Fourier coefficients, amplitude square, mean square amplitude and the ratio K for Groundnut productivity (8 cycles)	56
4.7	Fourier coefficients, amplitude square, mean square amplitude and the ratio K for Groundnut farm harvest prices (8 cycles)	57
4.8	Sources of variance in Groundnut production (in per cent)	58
4.9	Components of change in the Variance of production of Groundnut (in per cent)	60
4.10	Percentage change in input cost of Groundnut crop in Gujarat state during the study period	62
4.11	Descriptive statistics of labour cost of Groundnut crop in Gujarat state during the study period	63
4.12	Trends in labour cost particulars of Groundnut crop in Gujarat state during the study period	64

4.13	Descriptive Statistics of inputs in agriculture of Groundnut crop in Gujarat state during the study period	66
4.14	Trends in inputs in agriculture of Groundnut crop in Gujarat state during the study period	67
4.15	Percentage change in costs and returns of Groundnut crop in Gujarat state during the study period	69
4.16	Descriptive Statistics of cost and returns of Groundnut crop in Gujarat state during the study period	70
4.17	Trends in costs and returns of Groundnut crop in Gujarat state during the study period	71
4.18	Percentage change in FHP and MSP of Groundnut crop in Gujarat State during the study period	73
4.19	Descriptive Statistics of FHP and MSP of Groundnut crop in Gujarat State during the study period	73
4.20	Trends in farm FHP and MSP of Groundnut crop in Gujarat state during the study period	74
4.21	Percentage change in profitability measures of Groundnut crop in Gujarat state during the study period	76
4.22	Descriptive statistics and trends in profitability of Groundnut crop in Gujarat state during the study period	77
4.23	Descriptive statistics of profitability measures of Groundnut crop in Gujarat state during the study period	78
4.24	Trends in profitability measures of Groundnut crop in Gujarat state during the study period	79
4.25	Per hectare cost and returns of groundnut production during Post-Liberalization Period	81
4.26	Sensitivity analysis of change of total cost and input cost on the profitability during Post-Liberalization period	82
4.27	Per hectare cost and returns of groundnut production during Overall Period	84
4.28	Sensitivity analysis of change of total cost and input cost on the profitability during Overall Period	85
4.29	OLS estimates of Groundnut production using the Cobb-Douglas function during Post-Liberalization Period	87

4.30	OLS estimates of Groundnut production using the Cobb-Douglas function during Overall Period	88
4.31	Cobb-Douglas production function for Groundnut cultivation in Gujarat state during Post-Liberalization Period	89
4.32	Cobb-Douglas production function for Groundnut cultivation in Gujarat state during Overall Period	91
4.33	Contribution of regressors towards change in returns per unit area during Post-Liberalization period	91
4.34	Contribution of regressors towards change in returns per unit area during Overall Period	92
4.35	MVPs of inputs/resources in production function during Post-Liberalization Period	93
4.36	MVPs of inputs/resources in production function during Overall Period	95
